Boundary Stones

Israel used boundary stones to define the borders of a property. In **Hosea 5:10**, God points out that the leaders of Judah have overstepped their limits by removing a defining landmark.

John Maxwell calls this the Law of Solid Ground. When you step outside the boundaries God sets for you, you are no longer on solid ground. This is like a leader today compromising values. Leaders must establish and keep boundary stones if they want God and others to trust them. Are you keeping your integrity intact by setting and honoring your boundary stones?
