## Group Decision Making

Consider the decision-making process in **Acts 15**.

Notice how the various participants listened to one another's views. Before finalizing a decision, it is helpful to know one another's minds and move together toward an answer. What can you learn from this to enhance your own decision-making process? How much effort do you spend seeking to understand other's views before you make a decision? What do you do to help others understand your perspective before they make decisions?

Brain teaser # 29:

*I am a coat that goes on wet. What am I?  
(for answer see the bottom of this page)*

( a coat of paint )
